## Transmission Solenoids Replacement Cost | Street Smart ...

A transmission solenoid is an electro-mechanical component "valve" used to control the flow of transmission fluid in the transmission. A typical automatic transmission uses a number of different solenoids for different purposes.

## **Transmission Flush Do**

3) From underneath the hood, pull the transmission dipstick out of the dipstick/fill tube and insert a long skinny funnel into the fill tube. Note: If you do not have a long skinny funnel that will fit into the dipstick tube you can use a short funnel with a small diameter hose or tube extension. The reason for using a longer funnel or a short funnel with an extension hose is that it makes it ...

## **theft light blinking on 2000 ford explorer cranks but wont ...**

Roll down a window, manually lock all the doors from the inside except the drivers door, make sure all the doors are closed and use the key and lock the drivers door, wait at least 30 seconds, then use the key and unlock the drivers door, this should deactivate the anti-theft system. More on this ...
