Kevin Roose / @kevinroose: The thing about the Trump Facebook bias survey is it's just going to be used to assemble a voter file, which Trump will then pay Facebook millions of dollars to target with ads about how biased Facebook is.

## How do I set the first value of AutoNumber in Access ...

Not an answer, but a warning: Autonumber is not designed to be managed in this way. I've seen countless people try it. It never works because the DB will do weird things incrementing sometimes (failed writes still increment the number, for example). Autonumber does not guarantee that the record numbers will be consecutive. Indeed, in rare cases it won't even guarantee the number will be unique.
