Polaroid Price Guide: estimate a camera value

The Polaroid Corporation, most well-known for the instant film cameras it began manufacturing in 1948, was first established in 1937. But in 2001, the company filed for bankruptcy protection, and all of its assets were subsequently sold to Bank One. The new company continued to produce Polaroid instant cameras until February 2008, when manufacturing was discontinued as a result of the growing ...

Products

The Polaroid story began more than seventy years ago with polarized sunglasses, evolved into instant film, cameras, and camera accessories, as well as other consumer electronics categories.

Polaroid SX

In 1947, Polaroid introduced its first consumer camera. The Land Camera Model 95 was the first camera to use instant film to quickly produce photographs without developing them in a laboratory. The popular Model 95 and subsequent Land Cameras required complex procedures to take and produce good photographs.

Review – Polaroid SX

The website www.mint-camera.jp has a calculator that you can put in the serial number and it will output the information based on a table that he has. Based on my own serial number I was able to get the following information. The complete serial number you entered is OJ307507758. Your camera has the original SX-70 shutter electronic design (“hybrid shutter”).

Instant film

Instant film is a type of photographic film introduced by Polaroid to be used in an instant camera (and, with accessory hardware, many other professional film cameras). The film contains the chemicals needed for developing and fixing the photograph, and the instant camera exposes and initiates the developing process after a photo has been taken.. In earlier Polaroid instant cameras the film is ...
